More than a new convention center.
A new standard in convention centers.

Adorned with more than 100 original art pieces, equipped with state-of-the-art, high-tech communications systems and located in the heartland of America, the Overland Park Convention Center is more than just a place to meet. It truly is a place like no other.

Maybe it's the naturally lighted walkways or the spaciousness of the grand ballroom and exhibit hall. Or, it could be the old-fashioned, midwestern attentiveness of the convention center staff that makes the process seamless. When you put it altogether, the Overland Park Convention Center provides convention and meeting attendees—and planners alike—with an effortless and pleasurable experience every step of the way.

More than 100 pieces of original art.

All the amenities you expect and more.

Natural light radiates throughout the Overland Park Convention Center's 237,000 square-foot complex, lending a feeling of fresh air to meetings and conventions. Whether it's the grand ballroom, the expansive exhibit hall or one of the many intimate meeting rooms, the center delivers a first-class facility resplendent with the latest technology for every attendee. Added to the layout is the adjoining 412-room Sheraton Overland Park Hotel featuring covered walkways to the center and more than 20,000 square-feet of additional meeting and event space, including two ballrooms.

Finally! A true, full-service convention center.

The staff of the Overland Park Convention Center is more than just committed to exceeding the expectations of the client. With every single step of meeting planning and organizing process, it's their number 1 priority.

Attention to detail is evident throughout the facility with an intelligent architectural design that offers back-of-the-house service areas for every single meeting room, easy public access and parking, simplified truck delivery docks and a full-service kitchen featuring diverse culinary capabilities.

The full-service approach also extends to the technological amenities of the center. Wireless Internet access is available throughout the Courtyard Gallery and in all meeting areas. Complimentary computers provide Internet access in the Sprint Cyber Café. ISDN lines for video conferencing, plasma screen information displays, computerized lighting controls and high-performance sound systems set the facility apart from other convention centers.

It all adds up to full service and then some, delivered, of course, with a smile.

Customer Feedback

“Outstanding service and professionalism from my first call.... all the way through the end of our event... thank you for making our event an awesome experience.”

Mike Reilly,
